“The theme for 2021 National Women’s History Month captures the spirit of these challenging times. Since most 2020 women’s suffrage centennial celebrations were curtailed, the National Women’s History Alliance is extending the annual theme for 2021 to “Valiant Women of the Vote: Refusing to Be Silenced.” The National Women’s History Alliance is determined that the important roles of multicultural suffragists and voting rights activists continue to be recognized and honored. We refuse to allow their voices to be silenced, even by a pandemic.”

International Women’s Day is on March 8th. This is a day to celebrate the social, economic, cultural and political achievements of women, as well as continuing the push for equality. The theme for this year is #ChooseToChallenge. “A challenged world is an alert world and from challenge comes change. So let’s all choose to challenge. How will you help forge a gender equal world? Celebrate women’s achievement. Raise awareness against bias. Take action for equality.”
